

Forward Counting 1-20

What is Forward Counting?

Forward counting means counting numbers from smallest to biggest.

We start at 1 and go up: 1, 2, 3, 4, 5... all the way to 50!

Each number is **ONE MORE** than the number before it. 🌊

🐙 Let's count from 1 to 20! 🐙

1

2

3

4

5

6

7

8

9

10

11

12

13

14

15

16

17

18

19

20

Now you try! Fill in the missing numbers:

1 3 5 7 9

11 13 15 17 19

Keep swimming and counting! 🌊
